IF YOU ARE....

THEN YOU MUST....

COVID-19 - compatible symptoms and Negative COVID-19 Test

AT LEAST TWO of the following symptoms are present:

fever (measure or subjective),	chills, rigors (shivers),
myalgia (muscle aches),	headache,
sore throat	nausea or vomiting
diarrhea	fatigue
congestion or runny nose	

OR AT LEAST ONE of the following symptoms are present:

cough	shortness of breath
difficulty breathing	new olfactory disorder
new taste disorder	

- Follow [NJDOH School Exclusion List](#)

Vaccinated close contact of staff or student with COVID-19

(Individuals are considered vaccinated 2 weeks after their second dose in a 2-dose series vaccine (Pfizer or Moderna) or 2 weeks after a single-dose vaccine (Johnson & Johnson/Janssen))

Symptomatic

- Vaccinated staff are only required to quarantine if they are symptomatic. If symptomatic, staff should follow above guidance under **“COVID-19 Compatible Symptoms.”**

Asymptomatic

- Asymptomatic Vaccinated staff who have had close contact should still test for their own safety and well being

Unvaccinated close contact of staff or student with COVID-19

- Excluded for 10 days** (in absence of testing) from date of last contact.
- Close contacts who test negative during the 5th through 7th days following date of last contact may return on the 8th day or thereafter.
